Surgeons from Japan, Korea, and Germany scheduled for advance arthroscopic surgery training with Scott Trenhaile, MD of Rockford Orthopedic Associates

ROCKFORD, IL April 24, 2014 ... **Scott Trenhaile, MD** will provide advance technique instruction on shoulder surgery to a number of international groups over the next few months. Dr. Trenhaile has been highly requested to provide detailed training by European and Asian orthopedic physicians as part of the *Surgeon to Surgeon* program since 2009.

As with past visiting groups, these surgeons come to Rockford for both clinical and surgical observation of Dr. Trenhaile's practice. An added enhancement to the coming visits is the ability to follow the observation of Dr. Trenhaile performing the procedure on a live patient in the hospital or surgery center, with the opportunity for their own hands-on practice in Rockford Orthopedic's instructional cadaver lab.

Four orthopedic surgical groups of four physicians each from Germany, Japan, and Korea are scheduled to visit Rockford for surgical observation and cadaveric shoulder laboratory in April, May and July.

In addition, Dr. Trenhaile has been invited to travel to Germany to present at an orthopaedic conference in April, and to Korea to this June to deliver instructional lectures on advance arthroscopic technique at four major universities.

Dr. Trenhaile's practice at Rockford Orthopedic Associates is focused on arthroscopic surgery of the shoulder, elbow, and knee, and treatment of sports- or activity-related injuries. He serves as team physician to many local sports teams at the high school, college and professional levels and as Clinical Assistant Professor at the University of Illinois College of Medicine and adjunct Clinical Instructor at Midwestern University. Dr. Trenhaile is a frequent speaker and instructor at orthopedic conferences throughout the world and has hosted dozens of international surgeons in Rockford seeking instruction on his advanced arthroscopic surgical techniques. Dr. Trenhaile has been honored with the prestigious peer designation "Best Doctors" since 2013.

Rockford Orthopedic Associates, Ltd. serves the Northern Illinois region in multi-specialty orthopedics from offices in Rockford, Crystal Lake, and Huntley, Illinois and offers a full range of bone and joint care including the specialties of podiatry, physical medicine and rehabilitation, occupational health and rheumatology. Rockford Orthopedic offers the ancillary services of physical therapy, MRI, and an out-patient surgery center. #

... a higher standard of care.
