

# Enrich your career at

## Dedicated to Professional Growth

Continuing education and professional development are valued and supported.

- \$2,000 yearly stipend
- 2 paid professional continuing education days
- 2-4 sponsored courses yearly

Clinical staff can truly become experts in their field. Financial support is provided for advanced certification including Manual Therapy Certification, Orthopedic Certified Specialist, and PTA Advanced Proficiency Pathway.

## Industry Leader

Orthollinois is the premier provider of orthopedic care in northern Illinois. We provide physical therapy services from 15 locations in a specialty setting with diverse areas of expertise including sports medicine (overhead athlete, running and biking programs, and return to sports programs), complex postoperative rehabilitation for a wide variety of diagnoses, and outpatient neurologic rehabilitation program, general orthopedics, vestibular rehabilitation, and work conditioning.

## Our Mission

*Partnering with people to promote and restore active lives.*

All members of the rehabilitation department, along with our sub-specialized physician partners, work together with our patients to fulfill this commitment.

## Committed to Excellence

At Orthollinois, we believe that our providers' are the key to our patients' success. We employ a Director of Patient Experience to support the practitioner's growth around the patient experience. This includes staff training and participation in the national Press Ganey Survey with industry high-ranking satisfaction scores. We provide a comprehensive onboarding and a year-long mentorship program that we believe is a vital component to our clinician's growth, whether new to the field or an experienced therapist. In addition to a generous Continuing Education package, Orthollinois offers rehab staff quarterly and annual bonuses opportunities.
