

Enrich your career at

OT MENTORSHIP PROGRAM

At OrthoIllinois, we believe in providing our staff with the opportunity and guidance to advance their professional skills and learning.

Caseload sharing among all staff is encouraged to provide ongoing learning opportunities with case management and patient care progression.

One year formal Mentorship Program, including monthly meetings for in-depth training in Outpatient Orthopedics including MedBridge CHT prep coursework with an experienced clinician.

Daily support using IDFPR Supervision Guidelines for new therapists before and after taking Boards.

Splinting workshops (8-10) with fellow OTs/Hand Therapists to improve skills, confidence, and efficiency on the most commonly fabricated orthoses.

\$2000 CEU funds are available annually.

Physician shadowing with orthopedic hand specialists.

Video library of Manual Therapy Techniques.
